Surveillance Item

44-38361-5310 FBIHQ on 10/31/68 told Memphis office not to accept any copies of intercepted Ray communications with counsel, one of which is attached. The airtel does not mention the date of the intercepted letter to Stoner, 11/8/68, or the FBI accepted what the Sheriff intercepted after the date of the airtel, which is not easily explained away.

The airtel also reflects the FBI's knowledge that as of 9/30/68 the judge had prohibited such interceptions of communications with counsel.

Ser. 5327, 10/24/68, includes copies Ray's legal correspondence, after 9/30/68 ban on these interceptions.
